Area Report Summary (See attached): There were a variety of concerns/issues expressed. Phonline requests for rides to meetings, making use of area planning tool, attraction vs. promotion, recruiting members/building a subcommittee, court cards/attendance sheets, and group autonomy were some of the issues discussed.

Phonline requests for rides to meeting: Suggestion was made to urge the caller to get to a meeting, and assure him/her that someone would take them home. We don't pick up addicts.

Attraction vs Promotion: There's no problem with sending out letters, meeting lists, etc informing the public about NA. We don't make promises to anyone. We simply provide information.

Drug Courts / Attendance Cards: Some areas were having problems w/ drug courts and attendance courts. Suggestion was made to set up presentation with the drug courts. Drug courts should be informed about who we are, what we do, and what we don't do.

Professional Roundtable Adhoc Committee:

NA was present at Recovery Awareness Fair in Atlanta. We were only 12-Twelve fellowship present. Professionals at this event were directed to website. At this meeting, Next Adhoc Meeting scheduled for Saturday, October 3 from 11am – 3pm at United Methodist Church 3180 Peachtree Road in Buckhead. Purpose of this meeting will be to brainstorm.

Current Projects or Activities:

Some of our current projects include clean time calendar and beginning plans for newcomer workshop to start at the beginning 2010. We have also sent to the groups a proposal to establish a local web site. We are still mailing information packets to various local organizations. We had an opportunity to set up an information booth at a heal fair sponsored by the Medical College of Georgia as well. The pager/helpline system is working fine. On average, we receive about 10-12 calls to the pager.

New Meeting or Presentations:

We held a presentation with the Aiken County Detention Center. We have several pending presentations with Youth Challenge Academy at Fort Gordon and Jones Behavioural Health Services in Augusta. Bradford Health Services has also contacted us again. They are offering meeting space. We will be providing them with a presentation as well. We are still using slides from a power point presentation to aid us with presentations. We are currently including information from the "Commonly Asked Question" section from the resource material of the PR handbook. This will make the presentation more facility specific. Our Area Service Committee has found a new home. We are meeting at Trinity Hospital in Augusta.

Problems or Situations:

We have received the minutes from the meeting for the Statewide #800. The new meeting however, is scheduled the same day as our monthly PR Subcommittee meeting. We will try to send a representative.

What can RSC PR Subcommittee do to better serve you?

Provide suggestions for training and orientation material for new members of PR.

Other Important Information:

PR was present at a walk-through of the facility at Trinity Hospital for the ASC's new meeting space. The representative was very positive and welcoming in offering us this space. However, when the time came to sign the contract, this individual did not have the authority / credentials to sign on a rental contract. The contract was taken through the proper channels and finally got signed. This spoke volumes to me. When making agreements / commitments with various facilities, it is helpful to have such agreements in writing.

In Loving Service,

Tracey G

*PR Vice Chairperson Report
09/12/2009*

Hi family, this month I attended the Phone line brain storm/workshop held in Atlanta on August 8th, 2009. The facility was Peachtree Road United Methodist Church, 3180 Peachtree Road NW, Atlanta GA 30305. This was a great success with good participation. It is my hope that we can have another and with better preparation and flyers to get a more geographically diverse representation of Georgia as a whole.

With the information and ideas that came out of the brainstorm/workshop, I have been asked to chair an ADHOC committee to develop strategic plan to determine if the idea of a blanket helpline phone number for Georgia would benefit Narcotics Anonymous and the still suffering addict. This ADHOC committee will look into the financial assets and liabilities of such plan. It will also look for experiences from other Areas' and Regions' to learn what has and hasn't worked and why. If you are interested in helping with this, please sign up.

On August 26th, 2009 I was contacted to help write a letter to a facility. I hope that today we get a report from that Area how the contact went.

*I was forwarded an e-mail notification from the facility HODAC in Warner Robins GA and asked to see if it needed attention and just what it was. This was a form to update information that they had on file for meetings in the Coastal Area. I confirmed that the information was correct per the Regional website and contacted HODAC to confirm with their information. This is a good facility to contact with your Areas meeting information as they have a state wide Georgia Helpline and do work in cooperation with NA. Their contact information is as follows: HODAC 2762 Watson Blvd. Warner Robins, GA 31093 478-953-5675, info@hodac.org **HELP LINE** 1-800-338-6745.*

*In loving service,
John G.*
